Troubleshooting

If you have any questions regarding the App, please contact info@healthpolicy.com.au

Your HCH practices >> Patient list

You have access to the following HCH Practices

Practice Ref Number	Practice Name	Practice Details
999003	Test Practice 3	Add / View / Manage Patients

Your HCH Patients

search by keyword

Showing 1-11 of 11 [Add filters](#) 25 per page

Patient Number	First or Preferred Name	Last Name	HCH Enrollment Date	HCH Exit Date	Edit Patient
P999001 - 55	A	Testpatient1	05/10/2017		edit
P999001 - 73	B	Person	09/10/2017		edit

[Add Patient](#) Add a new patient Edit/view patient details

Adding a new patient

- >> Click 'Add patient' button in the patient list view.
- >> Enter details and click 'Submit'.

Contact details for each newly enrolled HCH patient should be entered into the system to allow the evaluators to contact patients for surveys and interviews.

For patients who do not wish to be contacted for the evaluation, select 'Explicitly requested not to be contacted' in 'ContactStatus' dropdown. Address and telephone contact fields will be removed. All other fields need to be completed for statistical purposes.

Once details are entered click 'Submit'

Edit/view patient's details

- >> Click the 'Edit' button in the patient list view.
- >> Make the required edits and click 'Submit'.

The edit/view screen similar to the Add Patient screen.

Patient contact details should be reviewed in September-October 2019 prior to end of stage one of the HCH program. This will include flagging patients who have left the program, and reason for leaving.

Delete patient details (only for duplicate records)

- >> Click the 'Edit' button in the patient list view
 - >> Click delete
- If patient leaves HCH, exit date should be recorded and the exit reason. Don't delete the record.
